Be A Part of the Solution

The annual banquet was a celebration of a blessed year where many touched by our ministry testified to the impact Firewall has had on their lives and families.

The banquet surpassed all of our prayers. What a night! The Lord truly had everything under control in a supernatural way.

We had for about a month known that Willy Perez would be testifying about how drugs had almost ruined his family's life, but what surprised us was the letter I received from the Beaumont U.S. Penitentiary. A prisoner there had received our newsletter and wrote us encouraging our banquet success and that he just wished that he had had someone like Firewall Ministries to have steered him in the right direction. It was a very emotional moment for everyone in attendance and really brought to light what a difference Firewall is making in the daily lives of area residents.

Proposed floor plan for the new modular building at Palma Nova

Praise the Lord! Because of our faithful supporters, in less than ninety days we raised all and more than was needed to place the order for our new 3,500 sq. ft. facility.

We now ask for your prayers so that the permitting and site preparation for our new modular progresses quickly as the need for space is great. The builder has told us if we can have everything ready on our end, the modular could be erected and up and running before the end

of the year.

We will be able to do so much more in our new building as there will be more classroom space as well as on site offices, a kitchen, and a large assembly hall to bring the Word.

We have already spoken to several local organizations about bringing in Christian counselors and addiction recovery and support programs in the coming months. There will also be a youth activity

Girls from Calvary Christian Academy mug for the camera after a hearty meal at the recent fundraising banquet. This troupe performed enthusiastic renditions of song and dance at the banquet, pouring out their talents to advance the cause of the Lord and Firewall Ministries.

(continued from previous page)

area so young people from the neighborhood can have a safe hangout where positive role models and a godly influence can guide them toward wise choices.

It is miraculous to see how far Firewall Ministries has come in just one year. What is even more humbling is what the Lord has for us in the next year.

Thank you for your continued support and please consider giving on a monthly basis as with a larger facility also comes an increase in expenses.

Remember, your investment in this ministry is a direct investment in changing a generation of children and youth. They will be blessed by your generosity and through God's power. God bless you all.

OCTOBER 2006 (cont)

The Firewall Ministries academic after school program kicked off a new year and the response has been overwhelming. We have room in our current facility to daily tutor 15 to 20 youth effectively, but have had to stretch ourselves this year.

We have about 35 students signed up and on any given day as many as 25-30 show up. We have had to begin a waiting list as the local Middle and High Schools are constantly referring neighborhood teens to our program. It breaks our heart to turn away students that need assistance, but we have no choice at this time.

When saw we thee a stranger, and took thee in? or naked, and clothed thee?

Or when saw we thee sick, or in prison, and came unto thee?

And the King shall answer and say unto them, Verily I say unto you, Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me.

(Mathew 25:38-40)

Palma Nova students work on their homework in the current facility
